

HomePage (Ruby)

[HomePage](#) | [RecentChanges](#) | [Preferences](#) | [Wikis](#) | [RubyGarden](#) | 

This is an open community website for the wonderful programming language Ruby, created by Yukihiro Matsumoto. Here you may explore the abundance of information on Ruby and participate by creating your own Ruby related wiki pages.

Ruby for the Nuby

- [Getting Started](#)
There is a wealth of tutorials, FAQs, and presentations on Ruby-doc.org's [\[Getting Started\]](#) page
- [RubyNuby](#)
New to Ruby? Get started here.
- [\[Learning Ruby\]](#)
A thorough collection of Ruby study notes for those who are new to the language and in search of a solid introduction to Ruby's concepts and constructs.
- [RubyTestimonials](#)
Find out why others are so enthusiastic about Ruby.
- [\[Why's \(Poignant\) Guide to Ruby\]](#)
Hilarious and wonderfully-written introduction to programming with Ruby ? complete with (useful) cartoons.
- [\[Ruby.on-page.net\]](#) - The simplest Ruby manual with samples
- [\[Ruby Quick-Reference\]](#) - a summary of the language features
- [\[StarterProblems\]](#)
When starting to learn a new language it's nice to have a few noddy problems to work on,

Ruby's Vibrant Community

- [RubyJobs](#)
Get Hired.. Find your dream job in Ruby.
- [RubyResources](#)
There are many way to communicate with the rest of the Ruby community.
- [RubyOnTheNet](#)
Internet as a Ruby Resource: IRC, Archives, etc.
- [RubyDiscussions](#)
Saving the Great Dialogs
- [RubyUserGroups](#)
Rubyists & User Groups in cities around the world
- [RubyGatherings](#)
Scheduled Ruby Events
- [RealWorldRuby](#)
Stories of Ruby in the real world
- [RubyProjects](#)
List of Ruby projects under development
- [RubyUserBirthdays](#)
Everyone loves a Birthday
- [RubyFun](#)
Programming can be funny, too
- [HowToHelp](#)

Wiki Help

- [\[Going from Java to Ruby\]](#).
This page links to a summary of Bruce Tate's excellent new book. It might just tempt more Java folks to take the plunge.
- [\[Ruby Tutorial Wiki Style\]](#)
A professional Ruby tutorial created by a Ruby expert. This is the first and only Ruby tutorial to be known as "dummy proof".
